I go farther, and express the hope that you will not overlook the Introductory Chapter and Chapters I to V. Everywhere I depend upon the facts which the India Office furnishes — upon them and upon none other. My fount of knowledge flows from Whitehall; its source is the lofty chamber you have occupied for many years.

I ask your lordship's careful perusal of the pages of my book. I do not ask this as a mere 'man in the street,' though such men have been held by one of your colleagues to know enough to put them on a level with Cabinet Ministers. In such a matter as this I have a right to some consideration at your hands. Twenty-three years ago, during your novitiate at the India Office there passed through your hands at least one dispatch from the Government of India in which that Government was pleased to express its indebtedness to my humble self for the manner in

My fount of knowledge flows from Whitehall; its source is the lofty chamber you have occupied for many years.

I ask your lordship's careful perusal of the pages of my book. I do not ask this as a mere 'man in the street,' though such men have been held by one of your colleagues to know enough to put them on a level with Cabinet Ministers. In such a matter as this I have a right to some consideration at your hands. Twenty-three years ago, during your novitiate at the India Office, there passed through your hands at least one dispatch from the Government of India in which that Government was pleased to express its indebtedness to my humble self for the manner in

I go farther, and express the hope that you will not overlook the Introductory Chapter and Chapters I to V. Everywhere I depend upon the facts which the India Office furnishes — upon them and upon none other. I go farther, and express the hope that you will not overlook the Introductory Chapter and Chapters I to V. Everywhere I depend upon the facts which the India Office furnishes — upon them and upon none other. My fount of knowledge flows from Whitehall; its source is the lofty chamber you have occupied for many years.

I ask your lordship's careful perusal of the pages of my book. I do not ask this as a mere 'man in the street,' though such men have been held by one of your colleagues to know enough to put them on a level with Cabinet Ministers. I ask your lordship's careful perusal of the pages of my book. I do not ask this as a mere 'man in the street,' though such men have been held by one of your colleagues to know enough to put them on a level with Cabinet Ministers. In such a matter as this I have a right to some consideration at your hands. Twenty-three years ago, during your novitiate at the India Office there passed through your hands at least one dispatch from the Government of India in which that Government was pleased to express its indebtedness to my humble self for the manner in

I go farther, and express the hope that you will not overlook the Introductory Chapter and Chapters I to V. Everywhere I depend upon the facts which the India Office furnishes — upon them and upon none other. My fount of knowledge flows from Whitehall; its source is the lofty chamber you have occupied for many years.

I ask your lordship's careful perusal of the pages of my book. I do not ask this as a mere 'man in the street,' though such men have been held by one of your colleagues to know enough to put them on a level with Cabinet Ministers. In such a matter as this I have a right to some consideration at your hands. Twenty-three years ago, during your novitiate at the India Office there passed through your hands at least one dispatch from the Government of India in which that Government was pleased to express its indebtedness to my humble self for the manner in

Everywhere I depend upon the facts which the India Office furnishes — upon them and upon none other. My fount of knowledge flows from Whitehall; its source is the lofty chamber you have occupied for many years.

I ask your lordship's careful perusal of the pages of my book. I do not ask this as a mere 'man in the street,' though such men have been held by one of your colleagues to know enough to put them on a level with Cabinet Ministers. In such a matter as this I have a right to some consideration at your hands. My fount of knowledge flows from Whitehall; its source is the lofty chamber you have occupied for many years.

I ask your lordship's careful perusal of the pages of my book. I do not ask this as a mere 'man in the street,' though such men have been held by one of your colleagues to know enough to put them on a level with Cabinet Ministers. In such a matter as this I have a right to some consideration at your hands. Twenty-three years ago, during your novitiate at the India Office, there passed through your hands at least one dispatch from the Government of India in which that Government was pleased to express its indebtedness to my humble self for the manner in

I go farther, and express the hope that you will not overlook the Introductory Chapter and Chapters I to V. Everywhere I depend upon the facts which the India Office furnishes — upon them and upon none other. I go farther, and express the hope that you will not overlook the Introductory Chapter and Chapters I to V. Everywhere I depend upon the facts which the India Office furnishes — upon them and upon none other. My fount of knowledge flows from Whitehall; its source is the lofty chamber you have occupied for many years.

I ask your lordship's careful perusal of the pages of my book. I do not ask this as a mere 'man in the street,' though such men have been held by one of your colleagues to know enough to put them on a level with Cabinet Ministers. In such a matter as this I have a right to some consideration at your hands. I ask your lordship's careful perusal of the pages of my book. I do not ask this as a mere 'man in the street,' though such men have been held by one of your colleagues to know enough to put them on a level with Cabinet Ministers. In such a matter as this I have a right to some consideration at your hands. Twenty-three years ago, during your noviciate at the India Office there passed through your hands at least one dispatch from the Government of India in which that Government was pleased to express its indebtedness to my humble self for the manner in

I go farther, and express the hope that you will not overlook the Introductory Chapter and Chapters I to V. Everywhere I depend upon the facts which the India Office furnishes — upon them and upon none other. My fount of knowledge flows from Whitehall; its source is the lofty chamber you have occupied for many years.

I ask your lordship's careful perusal of the pages of my book. I do not ask this as a mere 'man in the street,' though such men have been held by one of your colleagues to know enough to put them on a level with Cabinet Ministers. In such a matter as this I have a right to some consideration at your hands. Twenty-three years ago, during your novitiate at the India Office, there passed through your hands at least one dispatch from the Government of India in which that Government was pleased to express its indebtedness to my humble self for the manner in

Everywhere I depend upon the facts which the India Office furnishes — upon them and upon none other. My fount of knowledge flows from Whitehall; its source is the lofty chamber you have occupied for many years.

I ask your lordship's careful perusal of the pages of my book. I do not ask this as a mere 'man in the street,' though such men have been held by one of your colleagues to know enough to put them on a level with Cabinet Ministers. In such a matter as this I have a right to some consideration at your hands. My fount of knowledge flows from Whitehall; its source is the lofty chamber you have occupied for many years.

I ask your lordship's careful perusal of the pages of my book. I do not ask this as a mere 'man in the street', though such men have been held by one of your colleagues to know enough to put them on a level with Cabinet Ministers. In such a matter as this I have a right to some consideration at your hands. Twenty-three years ago, during your novitiate at the India Office there passed through your hands at least one dispatch from the Government of India in which that Government was pleased to express its indebtedness to my humble self for the manner in

I go farther, and express the hope that you will not overlook the Introductory Chapter and Chapters I to V. Everywhere I depend upon the facts which the India Office furnishes — upon them and upon none other. My fount of knowledge flows from Whitehall; its source is the lofty chamber you have occupied for many years.

I ask your lordship's careful perusal of the pages of my book. I do not ask this as a mere 'man in the street,' though such men have been held by one of your colleagues to know enough to put them on a level with Cabinet Ministers. In such a matter as this I have a right to some consideration at your hands. Twenty-three years ago, during your noviciate at the India Office there passed through your hands at least one dispatch from the Government of India in which that Government was pleased to express its indebtedness to my humble self for the manner in
